The FD-302 report of interview with JOSEPHINE ANN BUNCE, Kansas City, Missouri, interviewed 1/15/64, by SAs MARION C. STREET and ROY L. TUSSEY, appears as Commission's Exhibit No. 1482.

Miss BUNCE was interviewed when it was found that she had been employed by the Carousel Club and had known RUBY. She related, among other things, that she had been intimate with RUBY, described him as a "straight man", and said he did not resort to any acts of perversion.

While it appears Miss BUNCE furnished this information voluntarily, it must be supposed that she did not anticipate her statements would be published for millions of people throughout the world to read.
